A Bridge to Community Health

The Charlotte Community Health Clinic (CCHC) is a medical home for over three thousand patients! We provide quality, affordable health care with compassion for all of our patients. As we approach the end of 2016 we are truly grateful for our accomplishments:

CCHC opened a second medical clinic in June 2016 at the Goodwill Opportunity Campus.

We received grant funding from several foundations and the federal government to build a full service Dental Clinic at the Goodwill Opportunity Campus. The Dental Clinic is projected to open in the spring of 2017.

Our Outreach and Enrollment Team is in the community educating and enrolling people through the Health Insurance Marketplace.

CCHC is also serving more Homeless patients at the Urban Ministry Center through the support of Mecklenburg County funding.

Did you know?

Even with the Affordable Care Act, thousands of Charlotte residents remain uninsured. The Clinic helps our neighbors who fall through this healthcare "gap."

The Clinic values the diversity reflected in our community. In fact, our patients speak 31 different languages and come from over 50 countries.

A Message from our Director

I want to share a special thank you to our dedicated staff, volunteers, Board of Directors, and donors. Together, we are able to make it possible for more people, especially the uninsured and underserved, to access comprehensive health care services. - Carolyn Allison
