

Charlotte Community Health Clinic seeks a Family Practice Physician with strong pediatrics experience. This position will develop and implement the Clinic's Telehealth program. The ideal candidate will have a passion for community-based health care and a commitment to reducing health care disparities. This is a full-time position and will report to the Chief Medical Officer.

**Responsibilities:**

- Developing and implementing the Clinic's Telehealth program
- Provides reasonable and prudent medical care practices, uses sound clinical judgment based on best practice standards and evidenced based medicine.
- Educates patients on preventive health care and chronic disease management or refers to appropriate resources or agencies
- Consults with other staff or specialists to make appropriate referrals for acute, chronic and preventive health care services
- Enters electronic progress notes, documenting encounters appropriately
- Meets all licensing, certification, and other requirements as set forth by state, federal, professional, hospital, accrediting and health payer entities
- Performs all other duties as required

**Qualifications:**

- Board Certified, M.D. from accredited medical school
- Current State of North Carolina medical license
- Minimum of five years' experience working with community based programs, including low-income, uninsured patients
- Skilled in providing excellent customer service and support; organizing and prioritizing workload; and excellent written and verbal communication.
- Proficiency with electronic medical record systems, experience with EPIC a plus
- Local knowledge about and connections to community health care and social welfare resources is desirable
- Ability to speak a relevant second language is desirable
- BLS/CPR certified
